

MATERIAL CERTIFICATE COMPLIANCE TO TALURIT AB SPECIFICATION

To meet the safety regulations for ferrules Talurit AB hereby certify that INOX ferrules are to be in accordance with Talurit AB specification.

Talurit AB declares that the batch in the invoice for INOX ferrules is within specification as stated below.

Material	AISI 316
Tensile strength	$R_m: 500 - 700 \text{ N/mm}^2$
Yield strength	$R_{p0.2} \geq 200 \text{ N/mm}^2$
Elongation	$A_5 \geq 40\%$

It is confirmed by this certificate that ferrules from Talurit AB conforms to Talurit specifications and follow most directives in mentioned standards. It is also confirmed that if ferrules, tools and machines from Talurit AB are processed in a manner as per TALURIT Ferrule Securing Instruction and other applicable instructions, these products are covered by a Product Liability Insurance.
